

A SERIES OF WEATHER-
RELATED TERMS AND ACTIVITIES
TO GROW YOUR KNOWLEDGE!

A scenic view of a pond with ducks and trees. The pond is in the foreground, with several ducks swimming in the water. The background features a grassy hill with several trees, some of which are bare, suggesting a late autumn or winter setting. The sky is clear and blue.

Terms and Definitions

Weather - What the sky and the air outside looks or feels like

Example Sentence: The weather today will be hot and dry.

Rain - Water falling in drops from clouds

Example Sentence: Everyone went inside when the rain began to fall.

Cloud - A visible mass of particles of water or ice, usually high in the air

Example Sentence: There are a lot of clouds in the sky today.

Drought - a long period of dry weather

Example Sentence: The river's water level is low because we're experiencing a drought.

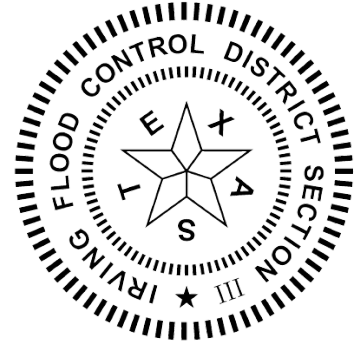

Lightning- the flashing of light from cloud to cloud or cloud to earth

Example Sentence: Did you see that bolt of lightning?

Thunder - the loud sound that follows a flash of lightning

Example Sentence: The thunder was so loud, I couldn't sleep.

Terms and Definitions

Storm - a group of events in the sky that can include wind, rain, thunder, lightning, snow and even ice

Example Sentence: There is a storm coming. We should go inside the house.

Flood - when water rises and spreads across land

Example Sentence: During a strong storm, we have to prepare for a flood.

River - a large body of water running between mountains or hills

Example Sentence: Valley Ranch is located close to the Trinity River.

Elevation - an elevated place, such as a hill

Example Sentence: Even though the river flooded, we're safe from water at this elevation.

Canal - an artificial waterway for draining excess water

Example Sentence: Valley Ranch has a lot of canals to hold excess water.

Test Your Knowledge!

Match the term to the definition by drawing a line between the two.

Weather

Water falling in drops from clouds

Rain

A long period of dry weather

Cloud

What the sky and the air outside looks or feels like

Drought

The flashing of light from cloud to cloud or cloud to earth

Lightning

A visible mass of particles of water or ice, usually high in the air

Test Your Knowledge!

Match the term to the definition by drawing a line between the two.

Thunder

A group of events in the sky that can include wind, rain, thunder, lightning, snow and even ice

Storm

When water rises and spreads across land

Flood

A large body of water running between mountains or hills

River

The loud sound that follows a flash of lightning
