

## **IRVING FLOOD CONTROL DISTRICT SECTION III BOARD MEMBERS CORREA AND KUNTE REAPPOINTED**

Irving, TEXAS (December 29, 2015) – At the December 10, 2015, meeting of the Irving City Council, councilmembers unanimously voted to reappoint Irving residents William Correa, PE and Neha Kunte each to two-year terms on the Irving Flood Control District Section III (IFCD 3) [board of directors](#).

The reappointments extend the two members' terms until January, 2018.

Correa currently serves as treasurer of the District and is chief executive officer of Paragon Project Resources, Inc., a provider of program, project, construction management, engineering, commercial development and information technology services with a focus on transportation, public works and facilities. Kunte is a board member owner and chief executive officer of MNK InfoTech, an international IT management and consulting firm based in Irving that specializes in information technology staffing and software development that support government agencies.

“Bill and Neha are similar to our other IFCD 3 board members in that they bring a personal interest in and commitment to the quality of life in Valley Ranch, as well as specific technical expertise and capabilities that are relevant to the District’s work,” said Kim Andres, president of the IFCD 3 board. “Through their contributions in the past, and those of other members, the board has earned a reputation for strong fiscal judgment, teamwork and collaboration.”

Continuing in board service with Correa and Kunte are Andres, board vice president Chris Calvery and board treasurer Mazhar Islamraja.

The IFCD 3 board meets monthly at the Valley Ranch Association offices, 8830 N. MacArthur Blvd., Suite 101, Irving. For more information about IFCD 3 and its facilities and activities, please visit [www.ifcd3.org](http://www.ifcd3.org), connect with Irving Flood Control District III on [Facebook](#) or follow IFCD 3 on [Twitter](#).

### About Irving Flood Control District Section III

Irving Flood Control District Section III (IFCD 3) is responsible for providing flood control facilities and operations and assisting with the preservation of the high quality of life provided in Valley Ranch. The District manages the community’s storm drainage and flood control functions in an effort to safeguard residents and enhance the economic value of property by constructing and maintaining canals, ponds and other natural water management facilities. A publicly funded organization, IFCD 3 is led by a five-member board appointed by the Irving City Council. District board members are committed to serving their fellow residents of Valley Ranch in an efficient, effective and transparent manner.
